

2015 Overlay

We received 2 bids from local contractors for milling and overlay in the city. These bids were to repair:

Alternate #1- 1st ST SW milling and repaving from the curb 13' meeting the previously repaved areas starting at Colfax Ave. and ending at Irving Ave.

Option #1 Sunnybrook Park North, overlaying the entrance into the park off Sunnybrook RD for approximately 700'

Howards Driveway Inc

Milling \$1.50/ sq. yd.

Alternates 1 = \$64.50/ ton – options 1 = \$64.50/ ton

Approximate, Alternate #1 = \$63'409.01

Approximate, Option #1 = \$15'509.00

Anderson Brothers Construction Company

Milling \$1.15/sq. yd.

Alternate 1 \$79.00 option 1 \$79.00

Approximate, Alternate #1 = \$73'494.67

Approximate, Option #1 = \$18'982.23

\$90,000.00 was budgeted in 2015 for street repair about \$8'000.00 was used for crack sealing material and \$14'600.00 was used to purchase the crack filling machine. This leaves \$67'400.00 to cover the \$63'409.01. Remaining balance of \$3990.99

\$9'400.00 was budgeted to overlay the drive into North Sunnybrook Park(cost \$15509.00) leaving us short by \$6'109.00.

The above estimate was calculated using **Howards Driveway Inc.** figures.

My recommendation is to use Howards Driveway for alternate #1 and option #1 and use the remaining \$3990.99 street overlay to help cover the \$6109.00 shortfall in North Sunnybrook Park and run short by the balance of \$2'118.01.
