

Wadena Municipal Airport

Dear Partner in Aviation,

The City of Wadena, located in central Minnesota, is looking for a FBO/Airport Manager. Our Airport features a 4005 foot paved, lighted runway along with a 80 x 60 maintenance hangar with a 60 x 16 door and fueling facilities. Attached is a 30 x 60 administration building. There is a ramp space for 9 aircrafts and a City owned and administered 8 unit T-hangar.

The City of Wadena is looking for someone interested in establishing an aviation related business in Wadena that could offer such items like instruction, rental, maintenance, related or other aviation related services. Interested parties should submit a statement of their interest and qualifications by June 30, 2016 to:
